## Jenzen D mkII crossover

*realize your audio dreams*

**Wax Coil**  
12 - 14 - 16 AWG

**Jantzen Diamond Tweeter 1024**  
Second to none

**Cross Coil copper foil**  
8 - 12 - 14 - 16 AWG

**C-Coil**  
500 - 1500 - 2000 - 3500 Watt

**Wire coils**  
AWG 29,26,24,22,21,20,18,16,15,14,13

**Wire Coils with non-ferrite core**  
AWG 29,26,24,22,21,20,18,16,15,14,

**Superior Z-Cap**  
Even the finest nuances can be heard. The sound never gets over-edged, really superb naturalness with a somewhat bright top-end.  
1200 VDC - 800 VDC

**Silver Gold Z-Cap**  
More resolution, more sound stage. Lots of dynamics. Fast reaction, life feeling and natural sound.  
1200 VDC - 800 VDC - 250 VDC

**Silver Z-Cap**  
Super smooth cap without any harsh additions to the sound. Absolutely neutral tonal balance. A truly outstanding audio part.  
1200 VDC - 800 VDC
